# The Maynooth Centre for Mission and Ministries

---

*Director: Dr Jessie Rogers*

The *Maynooth Centre for Mission and Ministries*, located within the Faculty of Theology of the Pontifical University, exists to advance the participation of the Irish Church in the *Missio Dei* for the 21st Century. It fosters the life and mission of the church by attending to its pastoral practice, liturgical celebration, and reflective heart.

The work of the Centre has a three-fold focus

- practical theology;
- integrated formation, and
- interdisciplinary research.

Its activities are rooted in ongoing scholarship and a creative responsiveness to the ‘signs of the times’ in an evolving landscape. It seeks to be a valuable resource to parishes, pastoral areas, dioceses, religious communities and institutes, and faith-based agencies and organisations.

Rooted in the Catholic tradition and open to the work of the Spirit of God in the world, the Centre recognizes and seeks to support and develop a wide diversity of callings and giftedness among the people of God. It is committed in the first instance to go out to the margins and engage comprehensively with contemporary culture.

The ethos of the Maynooth Centre for Mission and Ministries is transformative, praxis-orientated, co-responsible, contextual, responsive and inclusive, founded on fundamental respect for the whole of creation.

It seeks to model communities of learning, research and liturgy and to empower partner organisations. The Centre is committed to peace-building, right relationships and dialogue with the other in the church and beyond.

The programmes delivered and associated with the centre foster these attitudes and values and are characterised by attention to service, theological reflection, human lived experience and the complex realities of the contemporary church in the world.

# Certificates in Catholic Religious Education and Theological Studies

---

*Programme Co-ordinator: Rev. Dr John-Paul Sheridan*

## **Introduction**

The Certificate and Post-Graduate Certificate in Catholic Religious Education and Theological Studies are offered alongside the Bachelor of Education and Professional Master's in Education (Primary Teaching) awarded by Maynooth University (MU). They are designed to educate teachers in foundational knowledge and equip them with the pedagogical skills necessary for communicating the Catholic faith in primary schools. Offered in collaboration with the Froebel Department of Primary and Early Childhood Education (Maynooth University), they aim to form teachers capable of responding to the many spiritual and religious opportunities and challenges facing pupils.

The Educational Writings of Friedrich Froebel (1782-1852) outline his philosophy on early childhood education, importance of play and activity, and child-centred methodologies. His writings have much in common with the philosophy at the heart of Catholic Education. From the point of view of equipping future teachers for Catholic schools, the following points are of particular relevance.

- The concept of the "unison" between nature and the human person is sprung from one and the same Creator. This is called "inner-connection";
- The recognition of truth begins in the real, visible world in the phenomena of nature, in which the laws of God are to be found, learned, and known as unchangeable.
- In all things, there lives and reigns an eternal law. This law is based on an eternal unity. This unity is God. All things have come from God, and have their origin in the Divine Unity, in God alone.

In line with the prerequisites of the Irish Catholic Bishops Conference, the programme presents the foundational disciplines of Catholic theology and models and practices of religious education that can enable teachers to teach in a child-centred, developmentally appropriate manner, while exploring the teacher's own Catholic identity, while respecting the diverse religious experience of contemporary society. Catholic schools in many jurisdictions, including Northern Ireland, the Great Britain and Australia, require an equivalent of this Certificate.

## Module Descriptors

### **PT07430: Pastoral Practice**

This module seeks to connect academic study of theology with placement-based education in approved, supervised youth ministry settings. In weekly facilitated Pastoral Theological Reflection Groups with peers, learners explore and interrogate their ministry experiences in light of their academic and practice-based learning.

### **PT07431: Prayer Leadership**

This module introduces learners to the spiritual and intellectual contours of Christian prayer, and its practice in liturgical and pastoral contexts. As well as providing an overview of the various forms of Christian prayer, it provides a formation in prayer leadership, and framework to acquire the knowledge and skills that are necessary to effectively lead and guide people in prayer. Participants explore the theological foundations of public prayer and liturgy. Through a combination of prayer and reflective practice (with a particular emphasis on *lectio divina*), study, reading, leading sessions, and learners deepen their own prayer awareness and develop competence in leading shared prayer in its diverse forms.

### **PT07432: Caring and Spiritual Accompaniment in Community**

This module introduces the ethos and methodologies of differing forms of accompaniment: Pastoral Counselling and Spiritual Accompaniment. Learners are introduced to interpersonal skills and aptitudes required for accompaniment. It familiarises learners with best professional practices in counselling and spiritual support while drawing upon the resources of the Christian tradition. The module differentiates between different types of accompaniment and the settings and practices appropriate to each. It pays particular attention to questions of appropriate boundaries and when and how to refer for professional counselling.

### **PT07434: Theology and Pastoral Ministry**

This module introduces learners to the nature of pastoral and practical theology and the theological foundations of Christian discipleship and ministry. It explores key features of pastoral practice in varying contexts; draws out the pastoral and ministerial implications of major theological themes and the importance of theological hermeneutics; introduces learners to the basic models of theological reflection and concepts of contextual theology, including methodological issues, providing a brief overview of Bevans' classic models of contextual theology.

### **PT07435: Organisational Leadership in Ministerial Contexts**

This module aims to prepare learners to embody systems leadership within ministerial contexts. It endeavours to build their capacity to bring forth or foster active participation and collective leadership (also referred to as authoritative membership) in the face of complex, systemic challenges, which impact effective ministry in the contemporary world. This learning is valuable to those active in any part of a community or organisation, not only those appointed to formal positions of leadership.

**PT07437: Healthcare Chaplaincy: Ministry of Presence and Visitation**

This module provides a forum for learners to reflect on the Christian commitment to act in solidarity with the sick and dying. It unpacks fundamental theological assumptions and outlines, in an introductory manner, the processes of loss and acceptance, and an articulation of hope through the resources of the Christian tradition. It addresses key ethical and professional issues, facilitating the learner to consider key pastoral and professional principles and practices in a healthcare setting, and critically evaluate the appropriateness of different approaches to pastoral care.

**PT07438: Educational Chaplaincy: Ministry of Catechesis and Faith Formation**

This module introduces learners to the foundation, aims, and concepts of religious education, catechesis, and Catholic Education in furtherance of their education in pastoral ministry. It provides learners with a knowledge of the life and work of Irish primary schools under Catholic Patronage, while assisting them in understanding the spirituality of the child. They gain understanding of the primary school religious education programme and how this integrates into the work of a chaplain, in particular the prayer-life and sacramental preparation and celebration of the class.

**Learning Ethos**

This Diploma programme places a strong emphasis on participative learning. At a personal level, the course addresses the integration of academic and practice-based learning, with a focus on growth in self-understanding as well as personal, relational, and spiritual development. Learning happens through course work, participation in seminars, presentations, human development, exploration of the learner's own personal faith journey, and placement education. While classes are normally on Thursday and Friday of each week, learners may be required to attend courses and seminars that are only available outside these times.

**Pastoral Practice**

Learners engage in placement, in a parish or equivalent setting, from October to April. Typically, basic areas of ministerial practice within the placement setting include primary-level catechesis, second-level chaplaincy and/or catechesis, and parish/community based ministry

*One Year, Full-Time learners:* Placement usually takes place between Sunday and Wednesday of each week, for an average of 19 hours per week, along with a number of block placements with an extended contact time of 22-25 hours per week. During the summer semester, learners complete a unit of Clinical Pastoral Education over a 10-12 week block in an accredited hospital. Learners are on campus for lectures during two days, Thursday and Friday, on average 12-14 hours, per week.

*Two Year, Part-Time learners:* Placement usually takes place between Sunday and Wednesday of each week in the two academic years, for an average of 9.5 hours per week, along with a number of block placements with an extended contact time of 11-12.5 hours per week. During the summer semester, learners complete a unit of Clinical Pastoral Education over a 10-12 week block in an accredited hospital. Typically, part-time learners take the modules timetabled on one day during the first year and take the remaining modules in the second year.

Placements are arranged by the PT430 Pastoral Practice Module Lead in collaboration with the learner. The Pastoral Practice module includes the following: mentoring support with an on-site Placement Contact Person, or Designated Alternate; pastoral supervision/one-to-one consultation with an assigned staff mentor in the Pontifical University; two visits by an assigned External Pastoral Placement Appraiser; participation in weekly small-group pastoral theological reflection group; and an end-of-year integration day. The placement is a central context for learning and growth, and is fundamental for the overall pastoral formation of learners.

### **Clinical Pastoral Education**

Learners will undertake one unit of Clinical Pastoral Education (CPE) or its equivalent (12 weeks). CPE is a professional education for ministry conducted in the hospital setting. The course includes development of self-understanding and the foundation for the practice of pastoral care. CPE is a supervised course, which learners apply for independently and take after completion of the core modules and parish placement. CPE is a qualifying course for the completion of the Diploma programme, and the CPE placement site is arranged in collaboration with the Programme Co-ordinator.

### **Assessment**

Each module will be assessed by class attendance, participation, presentations, and written assignments as outlined within the module descriptors. The processes of assessment for the Pastoral Practice module include: placement appraisal visits (two) and a pastoral practice portfolio. Learners need to pass all components of assessments in order to pass the respective module.

### **PT08431: Prayer Leadership**

This module introduces learners to the spiritual and intellectual contours of Christian prayer, and its practice in liturgical and pastoral contexts. As well as providing an overview of the various forms of Christian prayer, it provides a formation in prayer leadership, and framework to acquire the knowledge and skills that are necessary to

effectively lead and guide people in prayer. Participants explore the theological foundations of public prayer and liturgy. Through a combination of prayer and reflective practice (with a particular emphasis on lectio divina), study, reading, leading sessions, and learners deepen their own prayer awareness and develop competence in leading shared prayer in its diverse forms.

**PT08432: Caring and Spiritual Accompaniment in Community**

This module introduces the ethos and methodologies of differing forms of accompaniment: Pastoral Counselling, and Spiritual Accompaniment. Learners are introduced to interpersonal skills and aptitudes required for accompaniment. It familiarises learners with best professional practices in counselling and spiritual support while drawing upon the resources of the Christian tradition. The module differentiates between different types of accompaniment and the settings and practices appropriate to each. It pays particular attention to questions of appropriate boundaries and when and how to refer for professional counselling.

**PT08434: Theology and Pastoral Ministry**

This module introduces learners to the nature of pastoral and practical theology and the theological foundations of Christian discipleship and ministry. It explores key features of pastoral practice in varying contexts; draws out the pastoral and ministerial implications of major theological themes and the importance of theological hermeneutics; introduces learners to the basic models of theological reflection and concepts of contextual theology, including methodological issues, providing a brief overview of Bevans' classic models of contextual theology.

**PT08435: Organisational Leadership in Ministerial Contexts**

This module aims to prepare learners to embody systems leadership within ministerial contexts. It endeavours to build their capacity to bring forth or foster active participation and collective leadership (also referred to as authoritative membership) in the face of complex, systemic challenges, which impact effective ministry in the contemporary world. This learning is valuable to those active in any part of a community or organisation, not only those appointed to formal positions of leadership.

**PT08437: Healthcare Chaplaincy: Ministry of Presence and Visitation**

This module provides a forum for learners to reflect on the Christian commitment to act in solidarity with the sick and dying. It unpacks fundamental theological assumptions and outlines, in an introductory manner, the processes of loss and acceptance, and an articulation of hope through the resources of the Christian tradition. It addresses key ethical and professional issues, facilitating the learner to consider key pastoral and professional principles and practices in a healthcare setting, and critically evaluate the appropriateness of different approaches to pastoral care.

### **PT08438: Educational Chaplaincy: Ministry of Catechesis and Faith Formation**

This module introduces learners to the foundation, aims, and concepts of religious education, catechesis, and Catholic Education in furtherance of their education in pastoral ministry. It provides learners with a knowledge of the life and work of Irish primary schools under Catholic Patronage, while assisting them in understanding the spirituality of the child. They gain understanding of the primary school religious education programme and how this integrates into the work of a chaplain, in particular the prayer-life and sacramental preparation and celebration of the class.

### **Learning Ethos**

This Higher Diploma programme places a strong emphasis on participative learning. At a personal level, the course addresses the integration of academic and practice-based learning, with a focus on growth in self-understanding as well as personal, relational, and spiritual development. Learning happens through course work, participation in seminars, presentations, human development, exploration of the learner's own personal faith journey, and through placement. While classes are normally on Thursday and Friday of each week, learners may be required to attend courses and seminars that are only available outside these times.

### **Pastoral Practice**

Learners engage in placement in a parish or equivalent context, from October to April. Typically, basic areas of ministerial practice within the placement site include primary-level catechesis, second-level chaplaincy and/or catechesis, and parish/community based ministry.

*One Year, Full-Time learners:* Placement usually takes place between Sunday and Wednesday of each week, for an average of 19 hours per week, along with a number of block placements with an extended contact time of 22-25 hours per week. During the summer semester, learners complete a unit of Clinical Pastoral Education over a 10-12 week block in an accredited hospital. Learners are on campus for lectures during two days, Thursday and Friday, on average 12-14 hours, per week.

*Two Year, Part-Time learners:* Placement usually takes place between Sunday and Wednesday of each week in the two academic years, for an average of 9.5 hours per week, along with a number of block placements with an extended contact time of 11-12.5 hours per week. During the summer semester, learners complete a unit of Clinical Pastoral Education over a 10-12 week block in an accredited hospital. Typically, part-time learners take the modules timetabled on one day during the first year and take the remaining modules in the second year.

Placements are arranged by the PT430 Pastoral Practice Module Lead in collaboration with the learner. The Pastoral Practice module includes the following: mentoring

support with an on-site Placement Contact Person, or Designated Alternate; pastoral supervision/one-to-one consultation with an assigned staff mentor in the Pontifical University; two visits by an assigned External Pastoral Placement Appraiser; participation in weekly small-group pastoral theological reflection group; and an end-of-year integration day. The placement is a central context for learning and growth, and is fundamental for the overall pastoral formation of learners.

### **Clinical Pastoral Education**

Learners will undertake one unit of Clinical Pastoral Education (CPE) or its equivalent (12 weeks). CPE is a professional education for ministry conducted in the hospital setting. The course includes development of self-understanding and the foundation for the practice of pastoral care. CPE is a supervised course, which learners apply for independently and take after completion of the core modules and parish placement. CPE is a qualifying course for the completion of the Diploma programme, and the CPE placement site is arranged in collaboration with the Programme Co-ordinator.

### **Assessment**

Each module will be assessed by class attendance, participation, presentations, and written assignments as outlined within the module descriptors. The processes of assessment for the Pastoral Practice module include: placement appraisal visits (two) and a pastoral practice portfolio. Learners need to pass all components of assessments in order to pass the respective module.

## **Master's Degree in Theology** *(Specialisation: Pastoral Theology)* **Two Years Full-time or Three Years Part-time**

---

*Programme Co-ordinator: TBC*

This level 9 programme forms part of a candidate's continuing journey of growth and development, strengthening capacity for ministry leadership in the Church, which includes taking significant responsibility for the work of individuals and groups, and for leading and initiating mission-focused activity in a wide (and sometimes unpredictable) variety of professional levels and contexts. Candidates develop new skills to a high level, including novel and emerging approaches in professional ministry, especially within the areas of leadership in public prayer, pastoral care and spiritual accompaniment, and building and strengthening community. They learn advanced skills to teach in diverse settings, provide effective catechetical and faith formation, and exercise responsible stewardship of parish personnel and resources.

This level allows candidates to develop a critical awareness of current issues of pastoral concern informed by scholarship from the forefront of pertinent fields of theological learning, and a systematic understanding of theological knowledge as it relates to his/her experiences in life and ministry practice. Each student completes a Masters dissertation that presents a rigorous, in-depth, and critical examination of a particular pastoral area or issue situated at the interface of academic theology and contemporary ministry. In doing so, the student acquires a mastery in specialised techniques of reflection and enquiry, and methods of research, forming an ability to scrutinise and reflect on the changing ministerial landscape, articulate an informed pastoral response, while seeking to contribute to transforming ministerial practice leading to growth or change.

This Masters programme further enables candidates to:

- examine existing procedural approaches and exercise appropriate judgment in complex planning, leading groups, and managing resources;
- learn to self-evaluate and take responsibility for forming a habit of reflective practice for ministry and for continuing academic and professional development;
- express a comprehensive, internalised, personal worldview, achieving self-awareness and critical reflection as these relate to pastoral ministry;
- engage in critical dialogue and face the demands of making collaborative ministry work;
- exercise initiative and independent thought, to interact intelligently, empathically, ethically, and professionally within their ministerial context;

- differentiate appropriate ministerial approaches to formulate pastoral responses to complex situations in pastoral contexts, and act to change them.

### **Admission Requirements**

The minimum entry requirement for the programme is an honours primary degree in which Theology comprises at least an equal joint honours component. Applicants should normally have obtained at least a Second Class Honours, Grade I overall, and Second Class Honours, Grade I in Theology. Applicants should also have significant experience in ministry practice. Individual and group interviews form an essential part of the selection process.

The Faculty of Theology may also accept applicants whom it deems to have achieved an equivalent standard. They may be required to take additional courses in Theology to qualify for admission. In particular, applicants who have obtained a minimum 2H1 in the Higher Diploma in Pastoral Theology (level 8) may be considered for admission to a one-year MTh (level 9) in Pastoral Theology. As part of the application process, such applicants will submit a Major Essay (5,000 words) on a topic relevant to Pastoral Ministry, written under the supervision of a member of the Faculty. The evaluation of this essay will form part of the admission interview, and its content may provide a foundation for the eventual Masters dissertation.

Applicants whose first language is not English will be required to satisfy the English language requirements of St Patrick’s Pontifical University.

St Patrick’s Pontifical University also accepts applications to its programmes from all prospective students who possess the ability, knowledge and experience through its widening participation schemes. The University operates a Recognised Prior Learning (RPL) and Prior Experiential Learning (RPEL) scheme which recognises relevant prior learning and experience for admission and/or credit purposes. The student should arrange to be supervised and mentored by an experienced, accredited Healthcare Chaplain within this placement setting. The placement site must be approved by the Faculty of Theology, upon the recommendation of the Postgraduate Board, prior to progression to Year Two. It is vital that learners register to participate in Theological Reflection on their practice, at the beginning of the academic year.

Dissertation (25 + 5 credits). Candidates for the second year of the programme are required to undertake a major essay, under the direction of a member of faculty. The topic may provide a foundation for the eventual Masters dissertation. The major essay is assigned 5 credits of the 30 credits of the second year.

*Note:* Progression to Year Two requires successful completion of the core modules in Year One. Candidates will normally be expected to register year by year on a continuous basis until they have completed their degree. Masters candidates wishing to suspend registration may do so only on the express permission of the Faculty of Theology, upon the recommendation of the Postgraduate Board.

In addition to the above programme of study, candidates must complete *Postgraduate Induction* which takes place over three or four days in September prior to the start of classes..

### **Learning Ethos**

This Masters programme places a strong emphasis on participative learning. At a personal level, the course addresses the integration of academic and practice-based learning, with a focus on growth in self-understanding as well as personal, relational, and spiritual development. Course work includes group sessions, lectures, presentations, and interactive seminars. While core classes in Pastoral Theology are normally on Thursdays and Fridays, candidates may be required to attend lectures and seminars that are offered outside these times (e.g., postgraduate seminar courses which frequently take place on Wednesdays).

## **Pastoral Practice**

Candidates commit to a placement education experience in a ‘Teaching Hospital,’ from September to April. The basic areas of ministerial practice within the placement site are typically as follows: integrated pastoral care ministry serving patients and their families, within a clinical environment, where relevant including critical and emergency care; leading or participating in hospital liturgies and services in the chapel, mortuary, ward, or bedside; and, professional relationship building and pastoral care of staff, strengthening the pastoral care department. Placement usually takes place between Sunday and Wednesday of each week, for an average of 19 hours per week, with classes in Maynooth on Thursday and Friday. Candidates may also be required to participate in a number of block placements in their placement sites, with an extended contact time of 22–25 hours per week.

In Year One, placement education sites, or ‘Teaching Hospitals’, are assigned to the student by the PT08430 Pastoral Practice Module Lead. The Pastoral Practice module includes the following: mentoring support with an on-site Placement Contact Person (the Director of Pastoral Care/Head Chaplain) or his/her Designated Alternate; one-to-one consultation with an assigned staff mentor in the Pontifical University; two visits by an assigned Placement Supervisor; participation in weekly small-group, peer-support, theological reflection sessions; and, an end-of-year integration day. The placement education experience is a central context for learning and growth, and is fundamental for the overall pastoral formation of the candidates.

In Year Two, placement is arranged by the candidate, in collaboration with the PT08430 Pastoral Practice Module Lead. The candidate must undertake 100 hours of placement, and participate in theological reflection sessions. They are encouraged to complete the placement in the first semester.

### **Summer Intensive Placement in Clinical Setting**

At the end of the academic year in Year One, students will undertake a second placement in a clinical setting consisting of 350 hours of clinical practice. Assigned clinical areas may include: intensive care unit, trauma care, stroke care, emergency department, oncology, and haematology care. Small-group, peer-support, theological reflection sessions will take place at the placement site, facilitating a deepening of the student’s reflective practice. The placement will consist of 10 weeks of placement, with 35 hours of clinical practice each week. Where possible, the placement will include three nights of rostered work and three rostered weekends, or equivalent. Continual Professional Development Inputs will take place during this period.

## Assessment

Each module will be assessed by class attendance, participation, presentations, and written assignments, or as outlined within the module descriptors. The two primary processes of assessment for the Pastoral Practice module will be as follows: placement supervised visits (two in total) and a pastoral practice portfolio. Candidates need to pass all components of assessments in order to pass the respective module.

*Note:* progression to a doctoral programme within St Patrick's Pontifical University from this programme requires the successful completion of the Doctoral Qualifying Year, the parameters of which are established by the Faculty of Theology.

### Module Descriptors

#### **Theological Foundations**

This module equips learners to articulate core beliefs in a way that connects trinitarian and sacramental theology, faith and revelation, grace, and pneumatology with the lived experience of faith communities.

#### **Human Flourishing**

This module will enable learners to explore fundamental concepts in the area of personal development and promote learners' reflection on their own growth. It will provide a general introduction to human development over the life-span and a framework for understanding the different issues that arise at significant developmental stages. Participants will be helped to reflect on their own affective patterns and to identify their strengths, weaknesses and growing edges. Finally, this self-exploration is placed in dialogue with the Christian understanding of the human person as made in the image and likeness of God.

### **The Bible as Word of God**

The students are introduced to the literature of the Old and New Testaments as sacred scripture.

Indicative syllabus: key characters (Abraham, Moses, David, Jesus, Paul); foundational themes (creation, covenant, exodus, exile, kingdom of God, discipleship); the relation of Old and New Testaments; reading the Bible as story; the practice of *lectio divina* as a way of actualising biblical texts today.

### **Liturgy**

The students are introduced to an understanding of liturgy and the core theological category of the worshipping community as the Church. Some basic ideas on symbol, ritual and language provide an opportunity to study liturgical space and time.

### **Sacraments**

Students study the place of sacramental and liturgical celebrations in the Church and how the Church is made manifest in its liturgical activity and through the celebration of the seven sacraments. The students explore the role & responsibility of the parish as the place of sacramental preparation.

### **Ecclesiology**

Students are introduced to the place of the parish and the diocese in a wider understanding of the universal Church. They will study various understandings of the Church in the New Testament and in church history. They will also study the vision of the Church as set down in the Second Vatican Council and what it means to understand the Church as synodal in nature.

### **Christian Discipleship**

Students explore the concept of the Christian life as a call to live in right relationships – with self, others and creation. The students explore this aspect of Christian discipleship with reference to issues of justice, human stewardship, care for the Earth, and Christian witness in society.

### **Christology**

The Many Portraits of Jesus in the Gospels; Jesus in History: Jesus as a Jew; What does it mean to say that Jesus is God?; What does it mean to say that Jesus truly human?; Jesus' Self Knowledge and his Knowledge of God; Jesus and the Cross: Limit, Violence, and Death; Jesus, the Resurrection, and Salvation; Jesus and Women: Meeting Jesus in his Time; Jesus: Prophet of Liberation.

### **Prayer and Spirituality**

This module recognises that all pastoral activity is rooted in the human response to the action of God. The students are introduced to the tradition of prayer both in the life of the church and in terms of the personal relationship with God. Public prayer privileges the psalms and follows particular forms and patterns. Personal prayer is rooted in one's

personal relationship with God and may be expressed in many different ways. How various traditions of prayer and popular devotions including Marian devotion are to be understood and integrated will be explored.

#### **Skills and Competencies for Pastoral Care**

This module provides knowledge and skills for effective pastoral visitation, funeral ministry, working collaboratively and facilitating groups.

#### **Skills and Competencies for Faith Formation**

This module equips students to work with the Grow in Love Programme, to minister with children and parents, to evaluate and implement available programmes for adult faith development, to work collaboratively and to facilitate groups.

#### **Reflective Practice 1 and 2**

These modules develop skills for ministry and for reflective practice through insertion in a pastoral placement. Learners engage in a facilitated concomitant process of Pastoral Theological Reflection within peer groups. This process offers opportunities for learners' honest appraisal and self-reflection through exploration of encounters, events and experiences in their ministry placements as well as attending to the impact of the cultural context on the ministry situation. It supports learners to discern God's presence and action in their ministry and to make sense of their ministry practice in the light of the Christian tradition.

## Module Descriptors

### **YM07107: Pastoral Practice**

This module seeks to connect academic study of theology with placement-based learning in youth ministry settings. In weekly facilitated Pastoral Theological Reflection Groups with peers, learners explore and interrogate their ministry experiences in light of their academic and practice-based learning.

### **PT07431: Prayer Leadership**

This module introduces learners to the spiritual and intellectual contours of Christian prayer, and its practice in liturgical and pastoral contexts. As well as providing an overview of the various forms of Christian prayer, it provides a formation in prayer leadership, and framework to acquire the knowledge and skills that are necessary to effectively lead and guide people in prayer. Participants explore the theological foundations of public prayer and liturgy. Through a combination of prayer and reflective practice, study, reading, leading sessions, and learners deepen their own prayer awareness and develop competence in leading shared prayer in its diverse forms.

### **PT07432: Caring and Spiritual Accompaniment in Community**

This module introduces the ethos and methodologies of differing forms of accompaniment: Pastoral Counselling and Spiritual Accompaniment. Learners are introduced to interpersonal skills and aptitudes required for accompaniment. It familiarises learners with best professional practices in counselling and spiritual support while drawing upon the resources of the Christian tradition. The module differentiates between different types of accompaniment and the settings and practices appropriate to each. It pays particular attention to questions of appropriate boundaries and when and how to refer for professional counselling.

### **PT0734: Theology and Pastoral Ministry**

This module introduces learners to the nature of pastoral and practical theology and the theological foundations of Christian discipleship and ministry. It explores key features of pastoral practice in varying contexts; draws out the pastoral and ministerial implications of major theological themes and the importance of theological hermeneutics; introduces learners to the basic models of theological reflection and concepts of contextual theology, including methodological issues, providing a brief overview of Bevans' classic models of contextual theology.

### **PT07438: Educational Chaplaincy: Ministry of Catechesis and Faith Formation**

This module introduces learners to the foundation, aims, and concepts of religious education, catechesis, and Catholic Education in furtherance of their education in pastoral ministry. It provides learners with a knowledge of the life and work of Irish primary schools under Catholic Patronage, while assisting them in understanding the spirituality of the child. They gain understanding of the primary school religious education programme and how this integrates into the work of a chaplain, in particular the prayer-life and sacramental preparation and celebration of the class.

**YM07101: Professional Youth Ministry in Practice**

The essential task of youth ministry in the Salesian and Christian tradition is to unfold and to help young people to explore and discover/accept a Life Project based on this encounter. This module aims to equip students with knowledge of social, cultural, and economic issues around youth ministry and best practice in making principled decisions and organisational policies. It recognises the multiple and overlapping communities of which youth are a part: global; family-based community; faith community including church and education settings; youth movements; and other settings in the wider community.

**YM07102: Salesian Spirituality and Young People**

This module enables learners to acquire the intellectual framework and theological foundation, within the Salesian tradition, to engage critically with the principles and assumptions that underpin youth ministry and distinguish it from youth work. It aims to develop awareness of personal bias and assumptions that may limit one's understanding of youth ministry and to help learners interrogate their experience so as to understand better their operative image of God. Learners are equipped to analyse and reflect critically on attitudes, skills and abilities required for youth ministry in various contexts.

**YM07103: Social Media and Engagement**

This module introduces learners to the critical concepts, methods and best practice in social media with respect to its use in pastoral and ecclesial settings. The primary objective is to equip learners with the knowledge and practical skills needed to create high-impact content for use on social/digital mediums. It aims to help learners foster the ability to develop and evaluate social media strategies, devise effective social campaigns, analyse relevant metrics and consider the ethical and legal implications of engaging with young people through digital mediums. Learners gain exposure to the latest techniques and tools for communicating effectively in contemporary pastoral and ecclesial settings.

**YM07104: The Word of God and the Salesian Mission in the Contemporary World**

This module introduces learners to a Salesian reading of Scripture, engaging with biblical scholarship, in fidelity to the Salesian mission to young people and their contemporary concerns and needs that prompt and shape Salesian pastoral activity. Learners will learn the principles and skills to begin to explore their own Salesian reading of the Gospel for life in the present day.

## **Learning Ethos**

This Diploma programme places a strong emphasis on participative learning. At a personal level, the course addresses the integration of academic and practice-based learning, with a focus on growth in self-understanding as well as personal, relational, and spiritual development. Learning happens through course work, participation in seminars, presentations, human development, exploration of learner's own personal faith journey, and placement education. While classes are normally on Thursday and Friday of each week, learners may be required to attend courses and seminars that are only available outside these times.

## **Pastoral Practice**

Learners engage in placement from October to April. Typically, basic areas of ministerial practice include: catechesis in school and/or community contexts, including leading faith-based youth programmes and projects; spiritual accompaniment and care of young people; relationship building and pastoral care of parents and families.

*One Year, Full-Time learners:* Placement usually takes place between Sunday and Wednesday of each week, for an average of 10-12 hours per week, along with a number of block placements with an extended contact time of 16-18 hours per week. Learners are on campus for lectures during two days, Thursday and Friday, on average 12-14 hours, per week.

*Two Year, Part-Time learners:* Placement usually takes place between Sunday and Wednesday of each week in the two academic years, for an average of 5-6 hours per week, along with a number of block placements with extended contact time of 8-9 hours per week. Learners are on campus for lectures during one day, on average, 6-7 hours per week. Typically, part-time learners take the modules timetabled on one day during the first year and take the remaining modules in the second year.

Placements are arranged by the PT430 Pastoral Practice Module Lead in collaboration with the learner. The Pastoral Practice module includes the following: mentoring support with an on-site Placement Contact Person, or Designated Alternate; pastoral supervision/one-to-one consultation with an assigned staff mentor in the Pontifical University; one/two visits by an assigned External Pastoral Placement Appraiser; participation in weekly small-group pastoral theological reflection group; and an end-of-year integration day. The placement is a central context for learning and growth, and is fundamental for the overall pastoral formation of learners.

## **Assessment**

Each module will be assessed by class attendance, participation, presentations, and written assignments as outlined within the module descriptors. The processes of assessment for the Pastoral Practice module include: placement appraisal visits and a pastoral practice portfolio. Learners need to pass all components of assessments in order to pass the respective module.

## Higher Diploma in Youth Ministry and Spirituality

---

*Programme Co-ordinator: Eileen O'Connell OP, MTh, MA*

<b>Subject</b>	Theology	<b>NFQ Level (eqlv)</b>	8
<b>Programme Duration</b>	1 Year Full Time/ 2 Year(s) Part Time*	<b>Credits (ECTS)</b>	60

The Higher Diploma in Youth Ministry and Spirituality programme prepares learners to engage in their practice as youth ministers in a professional manner. The programme design supports the academic, theological, pastoral, spiritual, personal, and professional development of learners and the development of skills and competencies in leadership with a further focus on growth in self-understanding. It is structured to ensure the integration of academic study with practice-based learning – accompanying young people in different pastoral situations, in diverse settings, including school, parish, and youth centres (clubs and projects). The study of fundamental pedagogical concepts and theories is complemented and enhanced by ongoing practical experience on placement where learners develop practical skills needed to minister professionally and effectively. The programme structure facilitates learners to develop both pastoral knowledge and professional skills for youth ministry in a Catholic context and provides opportunities to specialise in aspects of practice.

### Programme Learning Outcomes

Upon successful completion of this programme, learners will be able to:

- 1) demonstrate an understanding of the theological foundations of ministry and their application to youth ministry and spirituality in dialogue with developing thinking and contemporary ecclesial understanding
- 2) articulate the interplay between theory and practice in youth ministry and elaborate how this shapes their ministerial identity
- 3) practice as competent, skillful youth pastoral ministers, with the knowledge, attitudes and abilities required for youth ministry, with capacity for leadership, working collaboratively, and offering pastoral care appropriate to young people
- 4) engage in ongoing self-reflection and self-evaluation regarding their practice; recognise the attitudes, values, assumptions that influence ministry and how ministry approaches impact young people; use these insights to maximise their effectiveness in youth ministry
- 5) identify, reflect critically on, engage with, and respond creatively and effectively to the particular demands of youth ministry in a variety of contexts

6) analyse and critically apply methods for interpreting and communicating Scripture, theology and the basics of the Christian faith from a youth perspective and engage with the complexity of youth evangelization in a secularised society.

### **Admission Requirements**

In order to register for courses leading to the Higher Diploma in Youth Ministry and Spirituality, learners:

- require a recognised degree qualification where theology is at least a major component
- learners whose first language is not English will be required to satisfy the English language requirement
- successful individual interviews are an essential part of the selection process.

Candidates with a primary degree in which theology is at least a minor component and deemed to have sufficient and appropriate experience in pastoral ministry may be admitted. These learners may be required to take courses in theology to qualify for admission.

*Note: even if an applicant meets our minimum admission requirements, The University cannot guarantee a place on the course.*

St Patrick's Pontifical University also accepts applications to its programmes from all prospective learners who possess the ability, knowledge and experience through its widening participation schemes. The University operates a Recognised Prior Learning (RPL) and Prior Experiential Learning (PEL) scheme which recognises relevant prior learning and experience for admission and/or credit purposes. Full details are available on the University website..

#### **PT08431: Prayer Leadership**

This module introduces learners to the spiritual and intellectual contours of Christian prayer, and its practice in liturgical and pastoral contexts. As well as providing an overview of the various forms of Christian prayer, it provides a formation in prayer leadership, and framework to acquire the knowledge and skills that are necessary to effectively lead and guide people in prayer. Participants explore the theological foundations of public prayer and liturgy. Through a combination of prayer and reflective practice, study, reading, leading sessions, and learners deepen their own prayer awareness and develop competence in leading shared prayer in its diverse forms.

#### **PT08432: Caring and Spiritual Accompaniment in Community**

This module introduces the ethos and methodologies of differing forms of accompaniment: Pastoral Counselling and Spiritual Accompaniment. Learners are introduced to interpersonal skills and aptitudes required for accompaniment. It familiarises learners with best professional practices in counselling and spiritual support while drawing upon the resources of the Christian tradition. The module differentiates between different types of accompaniment and the settings and practices appropriate to each. It pays particular attention to questions of appropriate boundaries and when and how to refer for professional counselling.

#### **PT0834: Theology and Pastoral Ministry**

This module introduces learners to the nature of pastoral and practical theology and the theological foundations of Christian discipleship and ministry. It explores key features of pastoral practice in varying contexts; draws out the pastoral and ministerial implications of major theological themes and the importance of theological hermeneutics; introduces learners to the basic models of theological reflection and concepts of contextual theology, including methodological issues, providing a brief overview of Bevans' classic models of contextual theology.

**PT08438: Educational Chaplaincy: Ministry of Catechesis and Faith Formation**

This module introduces learners to the foundation, aims, and concepts of religious education, catechesis, and Catholic Education in furtherance of their education in pastoral ministry. It provides learners with a knowledge of the life and work of Irish primary schools under Catholic Patronage, while assisting them in understanding the spirituality of the child. They gain understanding of the primary school religious education programme and how this integrates into the work of a chaplain, in particular the prayer-life and sacramental preparation and celebration of the class.

**YM08101: Professional Youth Ministry in Practice**

The essential task of youth ministry in the Salesian and Christian tradition is to unfold and to help young people to explore and discover/accept a Life Project based on this encounter. This module aims to equip students with knowledge of social, cultural, and economic issues around youth ministry and best practice in making principled decisions and organisational policies. It recognises the multiple and overlapping communities of which youth are a part: global; family-based community; faith community including church and education settings; youth movements; and other settings in the wider community.

**YM08102: Salesian Spirituality and Young People**

This module enables learners to acquire the intellectual framework and theological foundation, within the Salesian tradition, to engage critically with the principles and assumptions that underpin youth ministry and distinguish it from youth work. It aims to develop awareness of personal bias and assumptions that may limit one's understanding of youth ministry and to help learners interrogate their experience so as to understand better their operative image of God. Learners are equipped to analyse and reflect critically on attitudes, skills and abilities required for youth ministry in various contexts.
